- [Special questions, omnibu](#)
- 41a. Juvenile car-theft is not an unusual offence and it is neither unusual that these thefts cause accidents for the thief and others. If the car is equipped with a steering-wheel lock, it is almost impossible to steal it. Such a steering-wheel lock is standard equip ment in many new cars, and can be installed in others for approximately D.Kr. 100,-. If it were to be suggested that all cars, within a certain date had to be equipped with a steering-wheel lock, would you be a supporter or an opposer to such a suggestion?
