- **V5 6911 WEIGHT VARIABLE**

Originally, the data material was card weighted, i.e. some 00001500 cases occurred more than once. The duplicate cases have been removed (on the basis of a comparison of the entire case after conversion to character format), and a number has been inserted in the 'original' case indicating the number of times it occurred in the card weighted data file.

- **V43 6911 CHRISTMAS IN SHOPS**

- [Special questions in omni](#)

- 40. Christmas in the shops is upon us and has been for some time. It is debated every year when this should start and I would like to hear your opinion, for example if the shops would first begin with Christmas the 1st of December or the first Sunday in advent, or as it is now let the shops decide themselves when they will begin. What would you prefer?
