• **V25 WHAT VOTED LAST ELEC.?**

It is the processor's educated guess that the party called 'The Radical Liberal Party' is what we in Danish would call 'Radikale Venstre' whereas the party called 'The Liberal Party' is presumably 'Venstre'. This guess is based on the category texts of variable 24 and the correspondence between the codes of var. 24 and this variable.

- Do you remember if you voted at the previous general election, i.e. in January 1968 ? For which party ?
