• **V26 7310 COLLECTIVE FUND**

◦ [Special variables, omnibus no. 10.](#)

- 146B: The Government has moved that the wage earners get joint ownership and thereby a real, joint influence on the operation of their work place - in such a way that the employers pay an annual amount to a joint administration fund, 2/3 hereof, however, are to be kept in the company as wage earner capital, whereas the remaining amounts are placed in capital-poor companies to promote regional development and the export trade, and should further be spent for public purposes, as, for instance, environment measures. A collective fund is a condition to an arrangement where all wage earners can take part and get an equal share in the growth of the economic life. Would you be in favour of such a motion or not?
